

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-14

**CHAPTER XIII - AERIAL AND SURFACE PORTS**

Item 1300

***General***

The water and aerial ports designated for movement of Code 5, T, and J shipments, as of the date of this solicitation are shown in the appendices to this chapter.

Item 1301

***Code J Ports***

Code J shipments will be routed via the aerial ports listed in Appendix A.

Item 1302

***Code T Ports***

Appendix B shows the aerial ports used for movement of Code T shipments between CONUS and overseas rate areas. Routings may vary in accordance with AMC Channel Listing.

Item 1303

***Code 5 Ports***

Ports designated for Code 5 shipments may be revised during the cycle because of operational capabilities. Changes are announced by amendment to DOD 4500.32-R. Code 5 ports are shown in Appendix C.

Item 1304

***Alternate Ports***

When the designated port is changed during a rate cycle, the origin PPSO will certify the use of alternate port, either water or aerial. Certification will contain the original port, revised port, and increase/decrease in mileage. If the shipment is directed to a port other than that shown on the TCMD, a Government representative at the port will provide the carrier a certificate showing the water/aerial port used, indicating where the shipment was received from or returned to the custody of the carrier. These certificates must accompany the original PPGBL and other documentation to support billing in accordance with Chapter V of this solicitation.

Item 1305

***Revisions***

Each solicitation package will contain updated port information, if necessary.

Item 1306

***Code 3 Ports***

Water ports designated for the movement of Code 3 between CONUS and selected overseas rate areas (see Appendix E).

Item 1307

***Code 4 Ports***

Water ports designated for the movement of Code 4 between CONUS and overseas rate areas (see Appendix D).

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-14

Item 1308

***Code 5 Contract Facilities***

Code 5 designated ports may use contractors located in outlying areas. Carriers will be required to pickup and/or deliver property at these facilities, therefore, the SFR should reflect this service when facility is located within 50-mile radius of the port. Item 528 will apply if facility is located beyond 50-mile radius.
